

**Why SpringBox?**

Fitted inside or outside your property, the SpringBox™ can be installed by a plumber (or a person **competent at DIY**) using similar connections used to install a washing machine (water inlet/outlet, drain and power supply).

Available in a **variety of designs**, SpringBox™ can be adapted to filter **iron / manganese, pH, bacteria and boost low pressure**.

**SpringBox™ Benefits:**

- Weatherproof, insulated cabinet (see photo's below)
- UV purifier and pre filtration
- Water filtration media e.g. Iron removal or pH Correction
- Booster pump version available (see photo to right)
- Internal Lighting
- RCD (Residual Circuit Device) for electrical safety
- Full Installation instructions
- 12 month guarantee

The SpringBox™
